Issues/Program List: 3rd Quarter 2020
July, August and September 2020

Description of the issue:

COVID-19 Knowledge: What We Know and What We Need to Learn

Program	Date	Time	Description of the Program/Segment
Southwest Spotlight	07/21/2020, 07/23/2020	2:30pm, 9:30am	Interview with Professor of Biology at Eastern New Mexico University, Dr. Manuel F. Varela. He discussed what a virus is, and what effects COVID 19 can have on the human body.
Southwest Spotlight	08/04/2020, 08/06/2020	2:30pm, 9:30am	Dr. Michael Shaughnessy, Professor of Special Education at ENMU in Portales NM, was interviewed concerning ways to help children deal with the COVID 19 shut down. Ways to help with both fear and boredom were discussed.
WAMC National Productions 51%	07/07/2020	3:00pm	On this week's 51%, a sports studies professor says the COVID-19 pandemic is costly for women's sports in particular; there's a study about support for transgender service members; and a teen's nonprofit offering virtual internships expands because of the pandemic.
WAMC National Productions 51%	09/01/2020	3:00pm	On this week's 51%, we hear about a women's prison choir, and the coronavirus pandemic presents even more challenges to female veterans in need of housing.
WAMC National Productions 51%	10/06/2020	3:00pm	On this week's 51%, COVID has changed so much in our lives. Community dance is off the table, and a group of senior citizens is learning to get by without it, for now. Plus, hear about the first woman composer to have music published.

Here and There	08/17/2020	2:30pm	The coronavirus pandemic has infected America's electoral processes. The need to socially distance is leading a lot of people to mail in their ballots rather than go to the polls to vote. The first run-through of primary votes showed some hits and a lot of misses. Matt Vasilogambros of Stateline.org talks on how states are planning to do better in November.
Here and There	08/24/2020	2:30pm	Even accurate numbers can only tell the outlines of a story, but when it comes to facts and figures about healthcare workers in America sickened or killed by Covid-19, the numbers are often incomplete. Investigative reporter Nina Martin of Pro Publica dug deeper to see the truth behind the statistical confusion.
Here and There	09/07/2020	2:30pm	Almost every society claims to honor and protect its elders. The global pandemic of Covid-19 has put that claim to the test and shown it to be false, in developed countries with national systems of nursing homes and elder care and in traditional societies like the Navajo Nation, neglect and despair are the old folks' unwanted portion. Sunnie R. Clahchischiligi of Searchlight NM sought out elders living alone and left behind.
WAMC National Productions: The Best of Our Knowledge	08/05/2020	3:00pm	When students go back to school every fall, it takes a while to get them back up to speed and learning again. It's called a summer slide. Now a group of school librarians are worried about a larger gap and are ready to help. The Every Library Institute has published a white paper report on the topic. Today on the Best of Our Knowledge, we'll hear about the fight against COVID slide.
WAMC National Productions: The Best of Our Knowledge	08/12/2020	3:00pm	We've heard a lot about going back to school in the fall from parents and teachers and administrators, but what do the students think? Today on the Best of Our Knowledge, we'll hear the results of a Junior Achievement survey. We'll also learn how the army is adjusting its recruiting strategy, look at the results of distance learning.

WAMC National Productions: The Best of Our Knowledge	08/19/2020	3:00pm	When schools shut down in the spring, many children around the country lost their primary source of food. Today on the Best of Our Knowledge, we'll hear about a new study on childhood hunger.
WAMC National Productions: The Best of Our Knowledge	08/26/2020	3:00pm	The current crop of school age children are more social media and less social social. But the coronavirus lockdowns are having an effect. Today on the Best of Our Knowledge, a report on the pandemic and Generation Z.
WAMC National Productions: The Best of Our Knowledge	09/02/2020	3:00pm	As colleges begin to reopen around the U.S. some are shutting right back down again. Today on the Best of Our Knowledge, we'll talk about a new survey from The Princeton Review about how top colleges are planning on reopening for the Fall.

Description of the issue:

Supporting of Higher Education in Eastern New Mexican Counties.

Program	Date	Time	Description of the Program/Segment
Southwest Spotlight	08/11/2020, 08/13/2020	8:30pm, 9:30am	Interview with Dr. Steven Gamble, president emeritus of Eastern New Mexico University concerning New Mexico Bond C. Dr. Gamble pointed out that Bond C would be of great educational value to the citizens of our listing area if passed.
WAMC National Productions: The Best of Our Knowledge	07/22/2020	3:00pm	Most students look forward to building a life and becoming independent, but for millions of young adults that opportunity seems far away. Today on the Best of Our Knowledge, we'll hear about these young people who are disconnected from success.
WAMC National Productions: The Best of Our Knowledge	09/09/2020	3:00pm	Google Classroom has been around for a few years, and it has never been more popular. Today on the Best of Our Knowledge, we'll hear about distance learning tools from this tech giant.
WAMC National Productions: The Best of Our Knowledge	09/30/2020	3:00pm	In person or on line, more students than ever are taking AP classes in high school meaning more ambitious goals for many schools. Today on the Best of Our Knowledge, we'll replay a conversation about advanced placement classes.

Description of the issue:

How to Help Autistic Children, Whose Numbers are Growing in the Listing Area and Have Succeeded in Spite of Disability.

Program	Date	Time	Description of the Program/Segment
Southwest Spotlight	09/15/2020, 09/17/2020	2:30pm, 9:30am	Interview with Sean Sullivan, a high functioning autistic individual. Sean explained how he faced and conquered his challenges and hoped to help others with autism, as well as those who support them, to discover ways to achieve their full potential.

Description of the issue:

Sexual Assault and Violence

Program	Date	Time	Description of the Program/Segment
WAMC National Productions 51%	08/04/2020	3:00pm	On this week's 51%, a study shows victims of sexual violence experience a stigma of silence that healthcare providers could help break. And a serious hiker is determined to stay on the trail, with her family.
WAMC National Productions 51%	08/11/2020	3:00pm	On this week's 51%, a professor and researcher on topics related to Title IX and sexual assault publishes a letter to her stalker, and a woman talks about living under a VA tent.
WAMC National Productions 51%	09/22/2020	3:00pm	On this week's 51%, some calls reporting domestic violence have been different since COVID, and there's a program offering online help to women living with a problem drinker.

Description of the issue:

Climate Change and the effects of the Land of Enchantment

Program	Date	Time	Description of the Program/Segment
Here and There	09/28/2020	2:30pm	With so much of the West Coast beset by wildfires, New Mexico has only been burdened with the smoke. But both are tokens of what climate change is doing to the Land of Enchantment and the West. Laura Paskus of NM Public Television has written a new book: At the Precipice, New Mexico's Changing Climate.

Description of the issue:

2020 Census in New Mexico

Program	Date	Time	Description of the Program/Segment
Here and There	09/21/2020	2:30pm	So much depends on getting a correct count of residents of America for the 2020 census, so why is the Trump Administration trying so hard to mess with and shorten the process of counting? Julia Sclafani of Searchlight NM went to a small southern New Mexico town to show what's at stake.
